'A funny and brutally honest book about what it means to be a woman and what it takes to be a creator, *She Wants It* is deeply personal but always universal in its unapologetic recounting of a life lived and raw talent shared. Good. Detailed. Honest. Needed' - Amy Poehler

One morning, half-awake in a shame spiral about what a shitty mother you are because you're letting your kid watch so much TV, the phone rings.

'Jilly? Are you sitting down?'

***Are you sitting down?* means something fucked up is coming...**

When Jill Soloway's father, whom they had always understood to be male, came out as transgender, everything shifted. For one, the moment became the inspiration to push through the male-dominated landscape of Hollywood and create the award-winning TV series *Transparent*. Exploring identity, love, sexuality, and the blurring of boundaries, the show gave birth to a new cultural consciousness. But also, by eventually coming out as queer and non-binary, the lines on Jill's own gender map began to be erased.

This is the story of that journey.

She Wants It charts Jill's intense and revelatory experience, growing from straight, divorced, mother of two - to non-binary genderqueer director, show creator, and activist. Written with wild candour and razor-edged humour, it examines who we are, how we make art - and ultimately, who we can become.
